WWW.NOVATOFIRE.ORG

December 22, 2022

Board of Directors  
Novato Fire Protection District  
95 Rowland Way  
Novato, CA 94945

Citizens of Novato Fire District and Members of the Board of Directors:

We are pleased to present the Annual Comprehensive Financial Report (ACFR) of Novato Fire Protection District (District) for the fiscal year ended June 30, 2022. This is the fifteenth consecutive ACFR prepared by the Fire Chief and the District's Finance Division.

District management is responsible for the accuracy of the information contained in this report, the adequacy of its disclosures, and the fairness of its presentation. District management believes this ACFR to be complete and reliable in all material respects. To provide a reasonable basis for making this representation, the District has established a comprehensive system of internal controls designed to protect District assets from loss, to identify and record transactions accurately, and to compile the information necessary to produce financial statements in conformity with Generally Accepted Accounting Principles (GAAP).

District financial statements have been audited by Maze and Associates; a firm of Certified Public Accountants licensed to practice in the State of California. The independent auditors expressed an opinion that the District financial statements for the fiscal year ended June 30, 2022, are fairly presented in conformity with GAAP in the United States. This is the most favorable conclusion and is commonly known as an "unmodified" or "clean" opinion. The independent auditors' report is presented as the first component of the financial section of this report.

# CARE PROTECT SERVE

The Management’s Discussion and Analysis (MD&A) narrative provides financial highlights and interprets the financial reports by analyzing trends and by explaining changes, fluctuations and variances in the financial data. The MD&A is also intended to disclose any known significant events or decisions that affect the financial condition of the District. The MD&A complements and should be read in conjunction with this letter of transmittal.

## **PROFILE OF NOVATO FIRE PROTECTION DISTRICT**

**Reporting Entity** - The Novato Fire Protection District is a separate governmental unit established on July 6, 1926, as an independent Special District of the State of California. The purpose of the District is to provide all-risk emergency and non-emergency services to the City of Novato and the surrounding unincorporated area. The City of Novato and surrounding unincorporated area is approximately 73 square miles with an estimated population of 66,000. A five-person Board of Directors elected by the citizens via district elections for four-year terms governs the District. The District’s legal authority and responsibilities are contained in the State of California Health and Safety Code under the “Fire Protection District Law of 1987.”

**Budgeting** - The District Annual Budget, adopted prior to July 1, provides the overall control of its revenues and expenses, including appropriations (budgeted expenses) on a line item basis and the means of financing them (budgeted revenues). The District accounting system produces monthly reports on expense activity that assist District and Division Managers to monitor their activities and programs. These reports are also reviewed by the Fire Chief, the Finance Director, and the Board of Directors to ensure budgetary compliance. The legal level of budgetary control is set at the object classification level. This level is presented as subtotals of revenue, salaries, and benefits, services and supplies, etc.

**Internal Controls** - As a recipient of federal, state, and county financial assistance, the District is responsible for ensuring that an adequate control structure is in place to comply with applicable laws and regulations related to those programs. This internal control structure is subject to periodic evaluation by the Fire Chief and District Finance staff.

In developing and evaluating the District accounting system, consideration is given to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable assurance regarding the safeguarding of assets against loss from unauthorized use or disposition, the accuracy and reliability of accounting data, and adherence to prescribed managerial policy. The concept of reasonable assurance recognizes that the cost of control should not exceed the benefits likely to be derived, and the cost-benefit analysis requires estimates and judgments by management.

**Services Provided** - The District maintains five fire stations and one administrative headquarters office building, all strategically located within the District. All five stations house full-time paid firefighters. The District staffs eight companies, including structure and wildland engines, a ladder truck, Advanced Life Support ambulances, command chief officer, rescue, and other support units.

Within the boundaries of the District are the US 101 Freeway and Highway 37 corridors, the Sonoma Marin Area Rail Transit (SMART) and Northern Pacific Railroad Authority, wildland areas, single and multi-family residential units, commercial and light industrial occupancies, a major research facility, hotels, a hospital, numerous convalescent/assisted living facilities, equestrian areas and open space areas including hiking trails. With such diversity, it is mandatory the District be equipped with proper apparatus and be appropriately staffed to handle all risk emergencies.

The District's philosophy with regard to fire, medical, or hazardous material emergencies has been one of a strong, rapid deployment of appropriate resources to mitigate any emergency. To treat pre-hospital medical emergencies and control small fires, the first-due unit should arrive within 8:00 minutes, 90 percent of the time, from the receipt of the 9-1-1 call at the Marin County Sheriff's Office 9-1-1 Dispatch Center within the City of Novato, and within 11:00 minutes in the rural District response areas. Under daily normal conditions, there are 20 full-time professional emergency responders who can be deployed for an emergency within the boundaries of the Novato Fire Protection District. In addition, the District serves as the primary Joint Emergency Operations Center (EOC) location for the City of Novato and the Novato Fire Protection District.

**Apparatus** - District fleet is made up of emergency vehicles and apparatus which must be kept in a constant state of readiness. Among these resources are five staffed (two reserve) Type I engines, three Type III (two staffed, one reserve) wildland engines, one ladder truck (105-foot aerial ladder), one cross-staffed (two reserve) Advanced Life Support (ALS) transport ambulances. For rural responses, the District is equipped with one 2,078-gallon water tender with porta-tank.

The Type I and Type III engines all carry Advanced Life Support (ALS) emergency medical equipment, including oxygen, heart monitor/defibrillator units, and ALS medications and are staffed with three personnel, including at least one Firefighter/Paramedic. In addition, these vehicles are fully equipped to respond as needed to mitigate any emergency including fire, rescue, hazardous material spill, or vehicle accident.

The three ALS ambulances are equipped to meet the needs of ALS paramedic service. In addition, the District maintains one reserve ambulance and a multi-casualty unit that can be placed (towed to the scene) into service. The District participates in a Joint Powers Agreement in the Marin County Hazardous Materials Response Team. Through the Homeland Security Grant process, the Team acquired a state-of-the-art emergency response vehicle for its Type I Hazardous Materials Team. The crew and vehicle provide

assistance for a wide variety of calls, such as spills, abandoned chemicals, carbon monoxide emissions, natural gas leaks, household chemical issues, structure fires, pipeline ruptures, vehicle accidents involving tankers and industrial accidents. The apparatus is stocked with modern hazardous materials detection equipment, advanced life support supplies, and has a computer link to a hazardous materials information line.

The District participates in a Marin County Urban Search and Rescue Team. The team carries a complete complement of ropes, hardware, and rescue baskets for utilization in areas of high peaks and crevices or during earthquake operations or other natural disasters. It also carries an air compressor for various pneumatic tools. This unit meets the State Office of Emergency Services (OES) standards and has been certified as a medium rescue apparatus.

A comprehensive vehicle replacement plan has been implemented to maintain a state-of-the-art fleet. Based upon the frequency of use and mechanical status, apparatus are replaced in a timely fashion to ensure the highest levels of in-service vehicle availability.

**Executive Staff** - The Fire Chief oversees the general operations of the District in accordance with the policy direction prescribed by the Board of Directors. At present, the Fire Chief is supported by his executive staff, consisting of a Deputy Fire Chief, Battalion Chief/Fire Marshal, Battalion Chief/EMS Director, Battalion Chief/Training Officer, three Shift Battalion Chiefs, a Finance Director, a Human Resources Manager, an Administrative Services Manager, and an Information Technologies Manager.

The executive staff is responsible for five District functions: Operations, Emergency Medical Services, Training, Prevention, and Organizational Resources.

The Deputy Chief, who is also the Operations Chief, is responsible for the delivery of all risk emergency services to the citizens and public, overseeing the Training and Education Division, Emergency Medical Services (EMS) Division and the Operations Shift Battalion Chiefs.

The EMS Battalion Chief is responsible for the Emergency Medical Services Division which provides delivery of emergency medical services to the community. Kaiser Permanente provides an emergency physician to serve as the District Medical Director at no cost to the District.

The Battalion Chief/Fire Marshal is responsible for the Fire Prevention Division and manages the District's community risk reduction programs. He also oversees code compliance, exterior hazard abatement, fire investigations, and public education.

The Battalion Chief/Training Officer is responsible for the Training Division which provides training to firefighters, supports a safe work culture through a safety committee and enforces workplace and emergency fire ground safety policies through a research and development committee; and ensures that all District personnel receive continuing

education related to local, State, and Federal mandated training as well as training on contemporary fire service and EMS topics.

Shift Battalion Chiefs manage on-duty personnel assigned to the five fire stations. Additionally, each Shift Battalion Chief has program management responsibilities for programs including fleet management, facilities management, communications management, and special operations team management.

The Finance Director is responsible for financial functions of the District including financial statement reporting, maintaining general ledger, financial policies, systems and procedures, cash management, debt management, accounting and budgeting, EMS billing, accounts receivables/payables, and payroll.

The Human Resources Manager is responsible for managing personnel, medical, dental, vision, and life insurance benefits and Workers Compensation claims for current and retired employees.

The Administrative Services Manager is responsible for managing the administrative office, front office staffing, and preparing Board of Director materials.

The Information Technologies Manager is responsible for overseeing IT projects, providing help desk support, and assisting the Fire Chief.

## **ECONOMIC OUTLOOK**

To combat persistent inflation in 2022, the Federal Reserve began a series of interest rate increases, raising rates by 0.75% in each of its last four meetings. The Consumer Price Index (CPI) for all items as of October 2022 showed a slight decrease in inflation from 8.2% to 7.7% over the last 12 months. If this trend continues, the Fed has indicated that it may slow the pace of rate increases in 2023. The higher interest rates and inflation have slowed GDP (gross domestic product) growth, which has resulted in layoffs mostly in the technology and service industry sectors. In Marin County, employment is at 93% of pre-pandemic levels with most industries not recovering to full employment except for construction and transportation and logistics. Economists are adjusting their forecasts to reflect more challenging times ahead, with unemployment expected to rise slightly and interest rates expected to remain relatively high with inflation lingering into 2024. While many economists see a recession as likely, the severity will depend on whether the Fed is able to curb inflation without having to resort to further aggressive rate hikes.

The effects of these factors on California's economy will vary, but local economists expect Marin County to be able to avoid a major downturn due to its relatively high-paying jobs and wealthy residents. Housing prices are likely to fall but only moderately. Since Novato Fire

District receives the bulk of its revenue from property taxes which are based on assessed values, any changes in real estate valuations can affect the District's revenue.

The District will continue to incur higher costs driven by inflation for expenditures such as vehicles, fuel, equipment and supplies, utilities, insurance, and facility and vehicle repairs and maintenance. The District will closely monitor its expenditures to ensure costs do not exceed revenue.

Finally, given the decline in the stock market over the past year and continued volatility against the backdrop of rising interest rates, inflation, and global instability there is the potential for unfavorable impacts to the District's pension liability and retiree healthcare benefits. For this reason, the District has maintained its conservative approach to funding its reserves to ensure adequate funds have been set aside to pay down pension and retiree healthcare obligations, and provide for vehicle and apparatus replacement and critical equipment and infrastructure needs.

**Debt Reduction** - The District is projecting to pay off the remaining debt on its Administration building by 2023 and on Station 64 by 2024.

**Long-term Financial Planning** – Periodically the District prepares multi-year projections of revenues and expenditures. Included in these projections are assumptions for property tax growth, salaries, retirement, health care insurance and apparatus replacement. These projections are useful in assessing long term sustainability and budgeting. The Board's Finance Committee provides guidance and recommendations to the full Board of Directors on matters related to District financial management and governance.

**Dispatch Services Current and Future**—The District is currently in contract with the Marin County Sheriff's Office (MCSO) for fire and Emergency Medical Services (EMS) dispatch. In September 2022, MCSO notified fire agencies of its intention to end the current agreement effective June 2023, with extensions provided as necessary to complete a transition. Fire and EMS dispatch center, regardless of the governance model, would provide the following service-level enhancements, above and beyond what is currently provided by MCSO. Fire agencies were already investigating other dispatch models that would provide these service-level enhancements. The Marin County Fire Department is in the process of creating its own fire and EMS dispatch service to the other Marin Fire agencies under a contract for services. All employees are County employees. The District is interested in utilizing County Fire's new fire dispatch service center assuming mutually acceptable terms can be agreed upon regarding costs, logistics, and all other aspects of the new center. The District has entered into a Letter of Intent (LOI) between the District and Marin County Fire as a representation of the District's general interest in utilizing County Fire's new fire dispatch service center assuming a mutually acceptable agreement can be reached.

**Marin Wildfire Prevention Authority (MWPA)** – Fiscal year 2021-22 marked the second full year of the District's participation in the MWPA, a Joint Powers Agreement (JPA) consisting

of 17 member agencies covering most of Marin County that was created with the passage of Measure C. Measure C was passed in March 2020 to fund proactive, state-of-the-art wildfire prevention and preparedness efforts. Measure C approved a parcel tax on all parcels of real property in Marin County within the defined boundary of the “Member Taxing Entities,” starting in 2020-21 for a period of ten years. The parcel tax levies up to \$0.10 per building square foot (\$75 per multifamily unit) for ten years, providing \$19,300,000 annually, with annual inflation adjustments, independent citizen oversight/audits, and low-income senior exemptions. The revenues raised by this tax are used solely to plan, finance, implement, manage, own, and operate a multi-jurisdictional agency to prevent and mitigate wildfires in Marin County. Funds are used for fire protection and prevention services, including but not limited to:

- Vegetation management (Fuels reduction)
- Wildfire detection
- Evacuation plans and alerts
- Grants
- Public education
- Defensible space and fire-resistant structure evaluations
- Local and specific wildfire prevention efforts

### **AWARDS AND ACKNOWLEDGEMENTS**

Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence (COA) in Financial Reporting to Novato Fire Protection District for its annual comprehensive financial report (ACFR) for the fiscal year ended June 30, 2020 and are in the process of reviewing the District’s ACFR for the fiscal year ended June 30, 2021. The COA awarded for the fiscal year ended June 30, 2020 ACFR report marked the thirteenth consecutive year that the Novato Fire Protection District has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program’s requirements and we are submitting it to GFOA to determine its eligibility for another certificate.

The preparation of this report reflects the combined and dedicated effort of District staff. We especially want to recognize the Finance Division staff and the auditors for their contributions to provide complete and reliable information for the stewardship of public funds.

We would like to take this opportunity to express our thanks and sincere appreciation to the Board of Directors for their continued support and trust.

The Novato Fire District leadership and staff bring an effective combination of skills, experience and dedication to carry out the District's mission:

***The Novato Fire District Exists  
To Care For, Protect and Serve Our Communities.***

Sincerely,

A handwritten signature in black ink, appearing to read "Bill Tyler", with a horizontal line extending to the right.

Bill Tyler, CFO  
Fire Chief

## INDEPENDENT AUDITOR'S REPORT

To the Board of Directors  
Novato Fire Protection District  
Novato, California

### *Opinions*

We have audited the accompanying financial statements of the governmental activities and General Fund of the Novato Fire Protection District (District), California, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the Table of Contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the General Fund of the District as of June 30, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### *Basis for Opinions*

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirement relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### *Responsibilities of Management's for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### *Auditor's Responsibilities for the Audit of the Financial Statements*

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying Supplementary Information, as listed in the Table of Contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Supplementary Information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### ***Other Information***

Management is responsible for the other information included in the annual report. The other information comprises the Introductory Section and Statistical Section listed in the Table of Contents, but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

The Management's Discussion and Analysis (MD&A) provides an overview of the District's financial activities for the fiscal year ended June 30, 2022. The MD&A describes the significant changes from the prior year that occurred in general operations and discusses the activities during the year for capital assets and long-term debt. The discussion concludes with a description of currently known conditions that are expected to impact the financial position of the District. The reader is encouraged to consider the information presented here in conjunction with the additional information furnished in the Letter of Transmittal.

## FINANCIAL HIGHLIGHTS

### GOVERNMENT-WIDE

- The District ended its fiscal year with a net position of \$36,603,161
- The total Program Expenses were \$26,363,640
- The total Program Revenues were \$5,867,155
- The total General Revenues were \$33,449,767
- The change in Net Position represents an increase of \$12,953,282 in revenues over expenses.

### GENERAL FUND

- The General Fund revenues exceeded expenditures by \$3,920,418.
- The actual resources received in the General Fund exceeded final budget by \$4,785,266. Actual expenditures exceeded final budget by \$2,418,565 due to unbudgeted expenses for MWPA.
- At the end of the fiscal year, unassigned fund balance for the General Fund was \$11,192,974 or 32% of General Fund expenditures.

## ANNUAL REPORT OVERVIEW

This annual report consists of a series of financial statements. The District's basic financial statements are comprised of three components: Government-wide financial statements, Fund financial statements and Notes to the basic financial statements. This report also contains supplementary information and statistical data in addition to the basic financial statements.

### GOVERNMENT-WIDE FINANCIAL STATEMENTS

The government-wide financial statements provide the reader with a longer-term view of the District's finances as a whole and includes the Statement of Net Position and Statement of Activities. The manner of presentation is similar to a private sector business.

## **MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)**

The Statement of Net Position presents information about the financial position of the District as a whole, including all its capital assets and long-term liabilities on the full accrual basis. Over time, increases or decreases in net position is one indicator in monitoring the financial health of the District.

The Statement of Activities provides information about all the District's revenues and expenses on the full accrual basis, with the emphasis on measuring net revenues or expenses of each specific program. This statement explains in detail the change in Net Position for the year.

All of the activities in the government-wide financial statements are principally supported by property taxes, ambulance service fees, and inspection fees. The government activities of the District include general government and interest on long-term debt.

The government-wide financial statements use the full accrual basis of accounting method which records revenues when earned and expenses at the time the liability is incurred, regardless of when the related cash flows take place.

The government-wide financial statements can be found on pages 14 to 15 of this report.

### **GOVERNMENTAL FUND FINANCIAL STATEMENTS**

The governmental fund financial statements provide more detailed information about the District's Governmental Fund, focusing primarily on the short-term activities of the organization. The Governmental Fund Financial Statements measure only current revenues and expenditures and fund balances, excluding capital assets, long-term debt and other long-term obligations.

All of the District's basic services are considered to be governmental activities. Novato Fire Protection District's services are supported by general District revenues such as property taxes, intergovernmental revenues (primarily state reimbursements for out of county incident responses and emergency medical transports), ambulance service fees, and inspection fees.

Government funds focus on how money flows into and out of the fund and the balance left at year-end available for spending. These funds are reported using an accounting method called the modified accrual method, which measures cash and all other financial assets that can readily be converted to cash. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. The governmental fund financial statements can be found on pages 16 and 18 of this report. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is itemized in a reconciliation following the fund financial statements on page 17.

**Notes to the Basic Financial Statements:** The notes provide additional information that is essential to the reader for a full understanding of the data provided in the Government-wide and Fund Financial Statements.

**Other Information:** In addition to the Basic Financial Statements and accompanying notes, this report also presents certain Required Supplementary Information such as Budgetary Comparison Schedules and a Statistical Section, providing financial tables conforming to GASB 44 standard requirements and historical trend data on the District.

### FINANCIAL ACTIVITIES OF THE DISTRICT AS A WHOLE

This analysis focuses on the net position and changes in net position of the District’s Governmental Activities (Tables 1 and 2), as presented in the Government-Wide Statement of Net Position and Statement of Activities that follow:

Table 1  
Condensed Statement of Net Position  
As of June 30, 2022 and 2021  
(in thousands)

	Governmental Activities		
	2022	2021	Increase (decrease)
Current assets	\$ 38,777	\$ 33,820	\$ 4,957
Net pension asset	11,378	-	11,378
Net capital assets	18,069	18,082	(13)
Total assets	68,224	51,902	16,322
Deferred outflows	14,441	14,204	237
Current liabilities	5,220	4,490	730
Non-current liabilities	4,822	36,717	(31,895)
Total liabilities	10,042	41,207	(31,165)
Deferred inflows	36,020	1,249	34,771
Net Position:			
Net investment in capital assets	17,039	16,504	535
Restricted	(112)	617	(729)
Unrestricted	19,676	6,529	13,147
<b>Total Net Position</b>	<b>\$ 36,603</b>	<b>\$ 23,650</b>	<b>\$ 12,953</b>

The following explains the major points impacting net position as shown in Table 1:

- Current assets increased by approximately \$4,957,000 or 15%, due primarily to the increase in cash and cash equivalents resulting from revenues exceeding expenditures.
- Net pension asset of \$11,378,000 was primarily due to extraordinary investment returns during the year ending June 30, 2021, which caused the value of the District's retirement plan assets to exceed the plan's actuarial liability.
- Current liabilities increased by approximately \$730,000 or 16%, primarily due to an increase in accrued payroll expenses (\$534,000) and accounts payable (\$202,000).
- Non-current liabilities decreased by approximately \$31,895,000 or 87%, primarily due to decreases in Net Pension Liability (\$28,312,000) and Net OPEB Liability (\$2,912,000).
- Deferred inflows increased by approximately \$34,771,000 or 2,784%, due to an increase in deferred inflows related to pension (\$33,112,000) investment gains to be recognized in future periods and an increase in deferred inflows related to OPEB (\$1,659,000) resulting from higher than projected actual earnings in OPEB plan investments.
- Net investment in capital assets increased by approximately \$535,000 or 3%, due to a decrease in net capital assets (\$13,000) offset by a reduction in related debt (\$548,000).
- Restricted net position decreased by approximately \$729,000 due to an overspend of Measure C funds for the Marin Wildfire Prevention Authority to provide matching grants for vegetation management and home hardening programs.
- Total net position increased by \$12,953,000, with \$13,147,000 of the increase in unrestricted and \$535,000 in net investment in capital assets, offset by a decrease in restricted funds for Marin Wildfire Prevention Authority (\$729,000).

Table 2  
Condensed Statement of Activities  
For the Years Ended June 30, 2022 and 2021  
(in thousands)

	Governmental Activities		
	2022	2021	Increase (decrease)
<b>Expenses</b>			
Personnel	\$ 17,941	\$ 25,842	\$ (7,901)
Material and services	7,300	4,174	3,126
Depreciation	1,096	1,225	(129)
Interest on debt	27	39	(12)
Total expenses	<u>26,364</u>	<u>31,280</u>	<u>(4,916)</u>
<b>Program revenues</b>			
Measure C revenue - MWPA	1,933	1,905	28
Measure C - Core fund reimbursement	624	-	624
Charges for services	<u>3,310</u>	<u>2,941</u>	<u>369</u>
Total program revenues	<u>5,867</u>	<u>4,846</u>	<u>1,021</u>
Net program expense	20,497	26,434	(5,937)
<b>General revenues</b>			
Property taxes	\$ 31,175	\$ 29,419	\$ 1,756
Investment earnings	20	139	(119)
Grants	81	82	(1)
Miscellaneous	<u>2,174</u>	<u>3,138</u>	<u>(964)</u>
Total general revenues	<u>33,450</u>	<u>32,778</u>	<u>672</u>
Change in Net Position	12,953	6,344	6,609
Net Position - beginning of year	<u>23,650</u>	<u>17,306</u>	<u>6,344</u>
<b>Net Position - end of year</b>	<u>\$ 36,603</u>	<u>\$ 23,650</u>	<u>\$ 12,953</u>

The following describes the major points impacting the Statement of Activities as shown in Table 2:

- Personnel expenses decreased by approximately \$7,901,000 or 31%, primarily due to increase in salaries and benefits (\$2,048,000) offset by net decrease in current expense due to conversion of payroll-related liabilities and related deferred inflows and outflows to government-wide full accrual basis. This included decrease in expense due to pension asset and related deferred inflows and outflows of (\$8,985,000) and net OPEB liability and related deferred inflows and outflows of (\$479,000), and decreases in workers compensation claims and compensated absences liabilities of (\$485,000).

- Material and services increased by approximately \$3,126,000 or 75%, primarily due to higher MWPA expenses for vegetation management and home hardening matching grant program and wildfire prevention/mitigation program advertising costs, along with higher costs for temporary staffing assistance, dispatch services, facilities repair and maintenance costs, legal fees, and property & liability insurance.
- Measure C Core fund reimbursement of \$624,000 for Marin Wildfire Prevention Authority (MWPA) Core program expenditures incurred by the District on behalf of MWPA. The District does not receive funds for Core program projects directly from Measure C tax revenue proceeds as it does with Local Mitigation and Defensible Space programs.
- Charges for services increased by approximately \$369,000 or 13%, primarily due to higher ambulance service fees and plan check fees (\$217,000) and GASB 34 adjustments for current year recognition of deferred revenue (\$152,000).
- Property taxes increased by \$1,756,000 or 6%, primarily due to increases in assessed real estate valuations and supplemental assessments and return of excess Educational Revenue Augmentation Fund (ERAF) contributions.
- Miscellaneous revenue decreased by \$964,000 or 31%, primarily due to a decrease in net reimbursements for Medi-Cal managed care transports (\$734,000) and a Cal OES grant for resiliency against power shutoff events received in the prior fiscal year (\$276,000).

## **FUND FINANCIAL STATEMENTS**

The fund financial statements provide detailed information about the District's general fund.

The fund financial statements provide a short-term view of the District's operations. They are reported using an accounting basis called modified accrual which reports cash and other short-term assets and liabilities (receivables and payables) that will soon be converted to cash or will soon be paid with cash.

As shown on page 18, the government fund balance increased by \$4,220,498. The increase was due primarily to the excess of property tax revenue over expenditures.

On page 19, there is a reconciliation from the modified-accrual net change in fund balance reported in the Statement of Revenues, Expenditures and Changes in Fund Balance for the governmental fund to the full-accrual change in net position of the Statement of Activities.

## **GENERAL FUND BUDGETARY HIGHLIGHTS**

During the year there was a net increase in General Fund appropriations of approximately \$1,235,000 or 4%, between the original and final amended budget. The increase was primarily due to salary and benefit increases

from adoption of new labor contracts and additional capital expenditures for the training classroom (\$180,000), and purchase of a new Type III Wildland Pumper (\$120,000).

Significant variances between final amended budget and actual revenues included \$1,273,000 positive variance for property taxes, \$1,933,000 positive variance for unbudgeted Measure C revenue for Marin Wildfire Prevention Authority (MWPA), \$859,000 positive variance in charges for services (primarily due to higher than budgeted ambulance service revenue). Significant budget variances in expenditures included \$672,000 negative variance for unbudgeted MWPA salaries and benefits and negative \$2,611,000 in services and supplies for MWPA vegetation management matching grant program, and \$791,000 positive variance on capital outlay due to delayed capital expenditures.

Additional details comparing budget to actual are shown on page 50.

## CAPITAL ASSETS

As of June 30, 2022, the District had approximately \$18,069,000 in net capital assets.

Table 3  
Capital Assets  
As of June 30, 2022 and 2021  
(in thousands)

	Governmental Activities		
	2022	2021	Increase (decrease)
<b>Nondepreciable capital assets:</b>			
Land	\$ 3,028	\$ 3,028	\$ -
Construction in progress	2,446	2,156	290
Total nondepreciable capital assets	5,474	5,184	290
<b>Depreciable capital assets:</b>			
Buildings and improvements	20,268	20,178	90
Equipment	3,672	3,952	(280)
Apparatus and vehicles	8,475	8,392	83
Total depreciable capital assets	32,415	32,522	(107)
Less accumulated depreciation	(19,820)	(19,624)	(196)
<b>Capital Assets, net</b>	<b>\$ 18,069</b>	<b>\$ 18,082</b>	<b>\$ (13)</b>

Capital assets purchased or acquired with an original cost of \$5,000 or more are reported at historical cost or estimated historical cost if actual historical cost is not available. Contributed capital assets are reported at fair market value as of the date contributed. Depreciation is a systematic approach to allocate the cost of capital assets over their estimated useful lives. The District has adopted a 30 year life for its buildings, 15 years for

fire apparatus, 10 years for ambulances, 5 years for other motor vehicles, and 3-10 years for furniture, fixtures, and equipment. Additional details about capital assets are shown in Notes 1 and 3 in the financial statements.

## DEBT ADMINISTRATION

As of June 30, 2022, the District had approximately \$1,030,000 in outstanding debt (see Table 4).

Table 4  
Outstanding Debt  
As of June 30, 2022 and 2021  
(in thousands)

	Governmental Activities		
	2022	2021	Increase (decrease)
Notes payable	\$ 1,030	\$ 1,578	\$ (548)
<b>Total Debt</b>	<b>\$ 1,030</b>	<b>\$ 1,578</b>	<b>\$ (548)</b>

In 2013 the District borrowed \$2,135,000 to refinance the debt on the administration building, and in 2015 it borrowed \$3,000,000 to finance the construction of Station 64. The notes payable on the administration building and Station 64 are scheduled to be paid off in 2023 and 2024, respectively.

Additional details about long term debt are disclosed in Notes 4 and 5.

## ECONOMIC OUTLOOK

The economy contracted in 2022 following a series of interest rate increases by the Federal Reserve in an attempt to slow inflation. Economists are adjusting their forecasts to reflect more challenging times ahead, with unemployment expected to rise slightly and interest rates expected to remain relatively high with inflation lingering into 2024. While many economists see a recession as likely, the severity will depend on whether the Fed is able to curb inflation without having to resort to further aggressive rate hikes. The housing market has slowed and prices are beginning to level off or decline due to higher mortgage rates and uncertainty in the job market. Since Novato Fire District receives the bulk of its revenue from property taxes any changes in real estate valuations can affect the District's revenue.

The District is taking steps to manage rising costs on its recurring expenditures such as vehicles, fuel, equipment and supplies, utilities, insurance, and facility and vehicle repairs and maintenance by closely monitor expenditures and looking for areas to improve efficiency or reduce costs.

Similarly, the District has carefully managed its reserves to provide sufficient buffer against unfavorable financial impacts due to the stock market declines and continued volatility on its long-term liabilities such as

pension and retiree healthcare benefits, and to ensure adequate funds are available for emergency vehicle, apparatus, and equipment replacement and critical support infrastructure.

## **REQUESTS FOR INFORMATION**

This financial report is designed to provide our citizens, taxpayers and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the funds under its stewardship.

Please address any questions about this report or requests for additional financial information to the address on our letterhead.

Respectfully submitted,

A handwritten signature in blue ink, appearing to read "Bill Tyler", with a horizontal line extending to the right.

Bill Tyler, CFO  
Fire Chief

Fund balance at beginning of year

32,787,336

Fund balance at end of year

\$37,007,834

See accompanying notes to basic financial statements

NOVATO FIRE PROTECTION DISTRICT  
 Reconciliation of the  
 NET CHANGE IN FUND BALANCES - TOTAL GOVERNMENTAL FUND  
 with the  
 STATEMENT OF ACTIVITIES  
 FOR THE YEAR ENDED JUNE 30, 2022

The schedule below reconciles the Net Change in Fund Balances reported on the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balance, which measures only changes in current assets and current liabilities on the modified accrual basis, with the Change in Net Position of Governmental Activities reported in the Statement of Activities, which is prepared on the full accrual basis.

NET CHANGE IN FUND BALANCES - TOTAL GOVERNMENTAL FUNDS \$4,220,498

Amounts reported for governmental activities in the Statement of Activities are different because of the following:

Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is capitalized and allocated over their estimated useful lives and reported as depreciation expense.

The capital outlay expenditures are therefore added back to fund balance	1,681,954
Non-capitalized expenditures are reduced from fund balance	(58,662)
Disposal of capital assets is deducted from fund balance	(540,903)
Depreciation expense is deducted from the fund balance	(1,095,512)

The amounts below included in the Statement of Activities do not provide or (require) the use of current financial resources and therefore are not reported as revenue or expenditures in governmental funds (net change):

Unavailable revenue	2,552
Compensated absences	(38,864)
Net OPEB liability and related deferred inflows and outflows	2,237,085
Workers' compensation claims	163,000
Net pension asset and related deferred inflows and outflows	5,831,295

Debt principal transactions reported in the governmental fund statement of revenue but not considered an operating activity in the statement of activities (but only as changes in liabilities)

Principal repayments on note payable	548,361
Change in interest payable on note payable	2,478

CHANGE IN NET POSITION OF GOVERNMENTAL ACTIVITIES \$12,953,282

See accompanying notes to basic financial statements

**NOVATO FIRE PROTECTION DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS**  
**For the Year Ended June 30, 2022**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

*Reporting Entity*

The Novato Fire Protection District (the District) is a separate governmental unit established July 6, 1926, as a special district of the State of California. The purpose of the District is to provide fire protection, emergency medical and related services to the City of Novato and the surrounding area. The City of Novato and surrounding area approximates 71 square miles with an estimated population of 65,000. A five-person Board of Directors elected by the citizens for four-year terms governs the District. The District's legal authority and responsibilities are contained in the State of California Health and Safety Code under the "Fire Protection District Law of 1987."

*Introduction*

The District's financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations).

**BASIC FINANCIAL STATEMENTS  
GOVERNMENT-WIDE STATEMENTS**

The District's basic financial statements include both government-wide (reporting the District as a whole) and fund financial statements.

In the government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities), the District's activities are reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The District's net position is reported in two parts: (1) Net investment in capital assets, and (2) unrestricted net position.

The government-wide Statement of Activities reports both the gross and net cost of each of the District's functions. The functions are supported by general government revenues (property taxes and intergovernmental revenues). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Operating grants include operating-specific and discretionary (either operating or capital) grants while capital grants reflect capital-specific grants.

The categories of governmental activities included in the statement of activities report expenses directly attributable to the functions indicated. The category "Operations" includes services for structural and wildland fire suppression, response to hazardous materials incidents, search and rescue, vehicle extrication and other emergency services. The category, "Organizational Support," includes all expenses (including those incurred in support of other activities) not directly chargeable to another activity.

The government-wide focus is more on the sustainability of the District as an entity and the change in the District's net position resulting from the current year's activities.

**NOVATO FIRE PROTECTION DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS**  
**For the Year Ended June 30, 2022**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**FUND FINANCIAL STATEMENTS**

The financial transactions of the District are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, reserves, fund equity, revenues and expenditures.

The District uses the following fund types:

**Governmental funds**

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial positions (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental fund of the District:

**General fund** is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

**BASIS OF ACCOUNTING:**

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurement made regardless of the measurement focus applied.

**Accrual**

The governmental activities in the government-wide financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

**Modified accrual**

The governmental funds financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e. both measurable and available. "Available" means collectible within the current period or within 60 days after year-end. Expenditures are generally recognized when the related liability is incurred. The exception to this general rule is that payments for general obligation long-term liabilities are recognized when due.

Property taxes and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Entitlements are recorded as revenues when all eligibility requirements are met, including any time requirements, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end). Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end). All other revenue items are considered to be measurable and available only when cash is received by the government.

**NOVATO FIRE PROTECTION DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
For the Year Ended June 30, 2022**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**FINANCIAL STATEMENT AMOUNTS**

**Cash and Cash Equivalents**

The District has defined cash and cash equivalents to include cash on hand, demand deposits, and short-term investments with its fiscal agent (County of Marin).

**Prepaid Items**

Payments to vendors that benefit future accounting periods are classified as prepaid items until charged to expenditures in the period benefited.

**Unavailable Revenue**

Unavailable revenue (in the fund financial statements) represents ambulance fees and property taxes earned during the year but not collected in time to be available to finance the current year's operations.

**Net Position**

Net position is the excess of all the District's assets and deferred outflows over all its liabilities and deferred inflow, regardless of fund. Net position is divided into three captions on the Statement of Net Position. These captions apply only to net position, which is determined at the Government-wide level and proprietary funds and are described below:

*Net Investment in Capital Assets*, describes the portion of net position which is represented by the current net book value of the District's capital assets, less the outstanding balance of any debt issued to finance these assets.

*Restricted* describes the portion of net position which is restricted as to use by the terms and conditions of agreements with outside parties, governmental regulations, laws or other restrictions which the District cannot unilaterally alter. These principally include developer fees received for use on capital projects, debt service requirements and funds restricted to low and moderate income purposes.

*Unrestricted* describes the portion of net position which is not restricted as to use.

**Fund Balance**

In the fund financial statements, fund balance for governmental funds is reported in classifications that comprise a hierarchy based primarily on the extent to which the District is bound to honor constraints on the specific purpose for which amounts in the funds can be spent. Governmental accounting principles provide that fund balance is reported in five components – nonspendable, restricted, committed, assigned and unassigned.

**NOVATO FIRE PROTECTION DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
For the Year Ended June 30, 2022**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Nonspendable** – This component includes amount that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

**Restricted** – This component consists of amounts that have constraints placed on them either externally by third-parties (creditors, grantors, contributors, or laws or regulations of other governments) or by law through constitutional provisions or enabling legislations.

**Committed** – This component consists of amounts that can only be used only for the specific purposes determined by a formal action of the District’s Board highest level of decision-making authority. The District Board can, by adoption of a resolution prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the resolution remains in place until a similar action is taken (the adoption of another resolution) to remove or revise the limitation.

**Assigned** – This component consists of amounts that are constrained by the District’s intent to be used for specific purposes, but are neither restricted nor committed. The authority for assigning fund balance is expressed by the Board of Directors, Fire Chief or their designee (Finance Director) as established in the District’s Fund Balance Policy.

**Unassigned** – This classification represents amounts that have not been restricted, committed or assigned to specific purposes within the General Fund.

The District’s policy is that committed and assigned fund balances are considered to have been spent first before unassigned fund balances are spent.

**Use of Estimates**

The basic financial statements have been prepared in conformity to generally accepted accounting principles and therefore include amounts based on informed estimates and judgments of management. Actual results could differ from those estimates.

**Capital Assets**

Contributed capital assets, donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are recorded at acquisition value. All other capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Capital assets are recorded if acquisition or construction costs exceed \$5,000. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

- Buildings 30 – 40 years
- Fire apparatus 15 – 20 years
- Ambulances 15 – 20 years
- Other vehicles 5 years
- Furniture, fixtures and equipment 3 – 10 years

**NOVATO FIRE PROTECTION DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
For the Year Ended June 30, 2022**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Compensated Absences**

The District accrues accumulated unpaid vacation and sick leave and associated employee- related costs when earned by the employee.

In accordance with an agreement with the Novato Professional Firefighters Association, the District is obligated to provide the following compensated absence benefits:

Sick leave Shift employees of the District earn sick leave at 12 hours per month and may accumulate up to 2,912 hours. Day employees earn 8.5 hours per month. An employee’s accumulated sick leave may be applied toward retirement, or upon separation from the District, may be received in salary at 50% of the current hourly rate. Management has estimated that all of the total accrued sick leave payable is a current liability.

Vacations Shift personnel earn vacation shifts at a rate of 6 to 18 shifts per year, depending on length of service. Day personnel earn between 102 to 306 hours per year. The District allows members to rollover their annual vacation shifts to the following year and each employee may bank twice their annual vacation accrual. Management has estimated that all of the total accrued vacation payable will be redeemed within one year.

Compensatory time-off All District personnel may accumulate accrued overtime pay at one and one-half times their basic pay rate. Accumulated compensatory time is limited to 96 hours. Amounts in excess of 96 hours or time accumulated for over one year from the date earned are paid to the employee.

The following is a schedule of changes in compensated absences during the year:

Balance as of June 30, 2021	\$3,106,232
Increases during the year	1,853,131
Decreases during the year	(1,814,267)
Balance as of June 30, 2022	3,145,096
Less amount due within 1 year	3,145,096
Amount due after 1 year	

**NOVATO FIRE PROTECTION DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS**  
**For the Year Ended June 30, 2022**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of financial position or balance sheet reports a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of *resources*, represents a consumption of net position or fund balance that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of financial position or balance sheet reports a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position or fund balance that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

**Fair Value Measurements**

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The fair value hierarchy categorizes the inputs to valuation techniques used to measure fair value into three levels based on the extent to which inputs used in measuring fair value are observable in the market.

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 inputs are inputs – other than quoted prices included within level 1 – that are observable for an asset or liability, either directly or indirectly.

Level 3 inputs are unobservable inputs for an asset or liability.

If the fair value of an asset or liability is measured using inputs from more than one level of the fair value hierarchy, the measurement is considered to be based on the lowest priority level input that is significant to the entire measurement.

**Workers' Compensation Claims**

A liability for workers compensation claims is shown on the Statement of Net Position. The short-term portion of the liability is estimated based on historical claims paid during the preceding year beginning September 1st through August 31st of the current year. Additional information is presented in Note 10.

**Encumbrances**

Encumbrances represent commitments related to unperformed contracts for goods or services. Encumbrances outstanding at year-end are reported as assigned fund balance and do not constitute expenditures or liabilities.

**NOVATO FIRE PROTECTION DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
For the Year Ended June 30, 2022**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Property Taxes**

The County of Marin levies taxes and places liens on real property as of January 1 on behalf of the District. Secured property taxes are due the following November 1 and March 1 and become delinquent April 10 and December 10, for the first and second installments, respectively. Unsecured property taxes are levied throughout the year.

In 1993, the District entered into an agreement (commonly known as the Teeter Plan) with the County of Marin. The Teeter Plan calls for the County to advance the District its share of the annual gross levy of secured property taxes and special assessments. In consideration, the District gives the County of Marin its rights to penalties and interest on delinquent property tax receivables and actual proceeds collected. The receivable on the balance sheet is for unsecured property taxes.

Special fire and paramedic tax charges are assessed by the District Board of Directors before September 1 and adopted by ordinance. These special tax charges are incorporated on property tax bills, and therefore are attached as an enforceable lien on real property located within the District.

**OPEB Liabilities, OPEB Expenses and Deferred Outflows/Inflows of Resources Related to OPEB** - For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the District’s OPEB Plan and additions to/deductions from the OPEB Plan’s fiduciary net position have been determined on the same basis as they are reported by California Employers’ Retiree Benefit Trust (CERBT). For this purpose, benefit payments are recognized when currently due and payable in accordance with the benefit terms. Investments are reported at fair value.

**Lease Accounting**

A lease is defined as a contract that conveys control of the right to use another entity’s nonfinancial asset (the underlying asset) as specified in the contract for a period of time in an exchange or exchange-like transaction. Examples of nonfinancial assets include buildings, land, vehicles, and equipment. The District does not current have any leases that meet the definition under GASB 87.

**NOTE 2 – CASH AND CASH EQUIVALENTS**

Cash and investments consisted of the following:

Cash with County Treasurer's Pool	\$31,933,745
Cash in banks, unrestricted	5,876,671
<b>Total</b>	<b>\$37,810,416</b>

The District maintains most of its cash in the County of Marin pooled investment fund for the purpose of increasing interest earnings through pooled investment activities. Interest earned on the investment pool is allocated quarterly to the participating funds using the daily cash balance of each fund. This pool, which is available for use by all funds, is displayed in the financial statements as “Cash and Cash Equivalents.”

**NOVATO FIRE PROTECTION DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
For the Year Ended June 30, 2022**

**NOTE 2 – CASH AND CASH EQUIVALENTS (Continued)**

The County Pool includes both voluntary and involuntary participation from external entities. The State of California statutes require certain special districts and other governmental entities to maintain their cash surplus with the County Treasurer.

The County’s investment pool is not registered with the Securities and Exchange Commission as an investment company. Investments made by the Treasurer are regulated by the California Government Code and by the County’s investment policy. The objectives of the policy are in order of priority, safety, liquidity, yield, and public trust. The County has established a treasury oversight committee to monitor and review the management of public funds maintained in the investment pool in accordance with Article 6 Section 27131 of the California Government Code. The oversight committee and the Board of Supervisors review and approve the investment policy annually. The fair value of the District’s position of the pool is the same as the value of the pool shares. The County Treasurer prepares and submits a comprehensive investment report to the members of the oversight committee and the investment pool participants every month. The report covers the types of investments in the pool, maturity dates, par value, actual costs and fair value.

**INTEREST RATE RISK**

In accordance with its investment policy, the County manages its exposure to declines in fair values by limiting the weighted average maturity of its investment pool to 540 days, or 1.5 years. At June 30, 2022, the County’s investment pool had a weighted average maturity of 236 days

For purposes of computing weighted average maturity, the maturity date of variable rate notes is the length of time until the next reset date rather than the stated maturity date.

**CREDIT RISK**

State law and the County’s Investment Policy limits investments in commercial paper, corporate bonds, and medium term notes to the rating of “A” or higher as provided by Moody’s Investors Service or Standard & Poor’s Corporation. The County’s Investment Policy limits investments purchased by Financial Institution Investment Accounts, a type of mutual fund, to United States Treasury and Agency obligations with a credit quality rating of “AAA.” As of June 30, 2022, the Marin County Investment Pool’s Fund credit quality rating is AAA.

**CONCENTRATION OF CREDIT RISK**

The following is a summary of the concentration of credit risk by investment type as a percentage of the fair value of the County’s investment pool at June 30, 2022.

Investment types in investment pool	Percent of portfolio
Federal Agency - Coupon	36%
Federal Agency - Discount	60%
Money Market Funds, Treasury Securities, Miscellaneous Securities and LAIF	3%
	100%

**NOVATO FIRE PROTECTION DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS**  
**For the Year Ended June 30, 2022**

**NOTE 2 – CASH AND CASH EQUIVALENTS (Continued)**

**CUSTODIAL CREDIT RISK**

For investments and deposits held with safekeeping agents, custodial credit risk is the risk that, in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or deposits that are in the possession of an outside party. At year end, the County's investment pool had no securities exposed to custodial credit risk. In the case of cash deposits, custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. As of June 30, 2022, the District's bank balance was \$5,873,496 and \$3,102,875 of that amount was exposed to custodial credit risk because it was uninsured and collateralized with securities held by the pledging or financial institution's trust department or agent, but not in the District's name.

**FAIR VALUE HIERARCHY**

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure fair value of the assets. Level 1 inputs are quoted prices in an active market for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

At June 30, 2022, the District's investment in the County Treasurer's Pool was an uncategorized input not defined as a Level 1, Level 2, or Level 3 input.

**LOCAL AGENCY INVESTMENT FUND**

The District is a participant in the Local Agency Investment Fund (LAIF) that is regulated by California Government Code Section 16429 under the oversight of the Treasurer of the State of California. The District reports its investment in LAIF at the fair value amount provided by LAIF, which is the same as the value of the pool share. The balance is available for withdrawal on demand, and is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis.

Included in LAIF's investment portfolio are collateralized mortgage obligations, mortgage-backed securities, other asset-backed securities, loans to certain state funds, and floating rate securities issued by federal agencies, government-sponsored enterprises, United States Treasury Notes and Bills, and corporations. At June 30, 2022, these investments matured in an average of 311 days.

Fire apparatus and vehicles	4,908,882	410,173	(591,097)	4,727,958
Total accumulated depreciation	19,624,152	1,095,512	(900,018)	19,819,646
Total depreciable assets	12,897,990	237,743	1,614,947	14,750,680
Governmental activity capital assets, net	\$18,082,135	\$527,780	(\$540,903)	\$18,069,012

**NOTE 4 – NOTES AND LOAN PAYABLE**

On December 16, 2003, real property located at 95 Rowland Way, Novato, was purchased for \$3,650,000. A loan of \$2,700,000 was secured with Bank of Marin to finance the purchase. The loan was due in December 2013, at a fixed rate of 3.5% per annum for the first 60 months, with monthly payments of \$12,202. After the fixed rate period, the rate was adjusted for the remaining 60 months to 0.25% in excess of the most current month's 5-year Treasury Constant Maturity. On May 5, 2013, the District refinanced the outstanding balance of this Note with a new Note which bears interest at 2.763% with a monthly repayment schedule that ends May 15, 2023.

On June 10, 2014, the District entered into an agreement with Bank of the West for a loan of \$3,000,000 to partially finance the construction of the District's Fire Station 64. This loan bears an interest rate of 1.9%. Semi-annual payments of the loan will be made on February 1 and August 1 of each year, beginning on February 1, 2015 and ending on August 1, 2024. This loan includes a 1% penalty if the loan is prepaid in the first two years.

**NOVATO FIRE PROTECTION DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
For the Year Ended June 30, 2022**

**NOTE 4 – NOTES AND LOAN PAYABLE (Continued)**

The following is a summary of the District’s future annual obligations:

Year ending June 30	Direct Borrowing		Total
	Principal	Interest	
2023	540,598	16,405	\$557,003
2024	325,000	7,762	332,762
2025	164,014	1,555	165,569
Total obligation	1,029,612	25,722	1,055,334
Less amount due within 1 year	540,598	16,405	557,003
Amount due after 1 year	\$489,014	\$9,317	\$498,331

**CHANGES IN NOTE AND LOAN PAYABLE**

The following is a schedule of changes in note and loan payable during the year:

	Direct Borrowing
	Note payable
Balance as of June 30, 2021	\$1,577,986
Repayments	(548,374)
Balance as of June 30, 2022	1,029,612
Less amount due within 1 year	(540,598)
Amount due after 1 year	\$489,014

**NOTE 5 – CREDIT LINE**

The District utilizes a credit card with a credit limit of \$80,000. As of July 11, 2023 (the closest date to June 30, 2022), the available credit was approximately \$36,800. The interest rate is based on the prime rate identified in the Wall Street Journal, as described in the credit card agreement. At the end of the year, the interest rate was approximately 15.99%. The District routinely pays the credit card balance in full each month and therefore is not subject to interest charges.

**NOVATO FIRE PROTECTION DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
For the Year Ended June 30, 2022**

**NOTE 6 – FUND BALANCE**

The District’s fund balance is reported in classifications as described in Note 1. The District classified \$29,387 of prepaid items as nonspendable.

The restricted component consists of amounts that have constraints placed on them either externally by third-parties (creditors, grantors, contributors, or laws or regulations of other governments) or by law through constitutional provisions or enabling legislation. At June 30, 2022, there was a negative \$112,000 of fund balance in restricted to be used for purposes as established by the Marin Wildfire Prevention Authority (MWPA) due to overspending of Measure C funds on matching grant programs which is committed fund for vegetation management and home hardening.

In September 2013, the District established a Rainy Day Fund. The establishment or modification of, or transfer to or from the Rainy Day Fund requires a unanimous decision by the Board of Directors. The Fund should be used to provide the District with contingency funding only in the following situations: (a) when actual District revenue is 15% or more below expected District revenue, or (b) when a state of emergency is declared by the District Board or the County of Marin for an area that includes any area within District boundaries. Such emergencies are non-routine and are not expected to occur frequently. The declaration of a state of emergency by either the District or the County of Marin is a non-routine action. The balance in the Rainy Day Fund as of June 30, 2022, is \$4,585,870 and is included in committed fund balance.

The following are assigned fund balances as of the balance sheet date:

Assigned for:

EMS Capital Equipment Reserve	\$880,500
Unemployment Insurance	140,400
Management Information Systems	685,500
Apparatus and Equipment Replacement	4,735,000
Facility Capital Improvement	4,964,400
Retirement Unfunded Liability	3,500,000
Training Captain Pilot Program	1,425,000
Worker's Compensation Fund	1,024,000
Retiree Health Benefits	2,464,570
Protective Equipment Reserve	250,000
Compensated Absences	1,242,493
Total	\$21,311,863

**NOTE 7 – DEFERRED COMPENSATION PLAN**

District employees may defer a portion of their compensation under a District sponsored Deferred Compensation Plan created in accordance with Internal Revenue Code Section 457. Under this plan, participants are not taxed on the deferred portion of their compensation until distributed to them. Distributions may be made only at termination, retirement, death or in an emergency as defined by the Plan.

The laws governing deferred compensation plan assets require plan assets to be held by a Trust for the exclusive benefit of plan participants and their beneficiaries. Since assets held under these plans are not the District’s property and are not subject to District control, they have been excluded from these financial statements.

**NOVATO FIRE PROTECTION DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
For the Year Ended June 30, 2022**

**NOTE 8 – PENSION PLAN**

**Plan Description**

The District’s retirement plan is administered by the Marin County Employees’ Retirement Association (MCERA). All full-time and permanent part-time employees who work at least 75% of a full time position are eligible to participate.

MCERA is a cost-sharing multiple-employer retirement system governed by the 1937 Act of the California Government Code. MCERA acts as a common administrative and investment agent for defined benefit retirement plan for various local governmental agencies within the County of Marin. MCERA provides retirement, disability, and death benefits based on the employee’s years of service, age, and final compensation. Employees vest after five years of service and are eligible to receive retirement benefits after 10 years of service and having attained the age of 50, or 30 years of service (20 years for safety employees) regardless of age. Copies of MCERA’s annual financial reports, which include required supplementary information for each participant in the plan, may be obtained from the Marin County Employees’ Retirement Association, One McInnis Parkway, Suite 100, San Rafael, California 94903.

**FUNDING POLICY**

Participants are required to contribute a percentage of their annual covered salary. Contributions vary depending on the age and classification at hire date and range from 9.44% to 18.41% of covered payroll. The District is required to contribute the actuarially determined remaining amounts necessary to fund the benefits for its members averaging an additional 48% of covered payroll. The actuarial methods and assumptions used are those adopted by the Association’s Board of Retirement. Due to contractual arrangements, the District pays a portion of the required contribution for some plan members. The contribution requirements of the plan members are established by State statute and the employer contribution rates are determined by annual actuarial valuations.

The table below provides a summary of the key results during this reporting period.

Summary of Results		
Description	Measurement Date	
	6/30/2021	6/30/2020
Net Pension Liability (Asset)	(\$11,377,989)	\$28,311,550
Deferred Inflows	33,630,043	305,050
Deferred Outflows	(7,096,341)	(8,193,883)
Additional Deferred Outflows - Actual FY 22 Contributions	(4,921,049)	(4,569,488)
Net Impact on Statement of Net Position	10,234,664	12,912,267
Pension Expense (\$ Amount)	1,477,400	7,549,414
Covered Payroll (\$Amount)	9,603,122	9,923,874
Pension Expense (% of Payroll)	15.38%	76.07%

**NOVATO FIRE PROTECTION DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
For the Year Ended June 30, 2022**

**NOTE 8 – PENSION PLAN (Continued)**

**PROJECTION OF TOTAL PENSION LIABILITY AND NET PENSION LIABILITY**

Total Pension Liability (TPL) is the actuarial present value of projected benefit payments attributed to past periods of employee service. For the purposes of Governmental Accounting Standards Board Statement No. 68 (GASB 68), MCERA and the District have adopted a measurement date of June 30, 2021. The beginning of year measurement of TPL is based on the actuarial valuation as of June 30, 2020. The TPL at the end of the measurement year, June 30, 2021, is also measured as of the valuation date of June 30, 2020, and projected to June 30, 2021.

The Plan Fiduciary Net Position (FNP) is the fair or market value of assets. The FNP at the beginning of the year is based on the actuarial valuation as of June 30, 2020. The FNP at the end of the measurement year, June 30, 2021, is also measured as of the valuation date of June 30, 2020, and projected to June 30, 2021.

The Net Pension Asset (NPA) is the District liability for benefits provided through its defined benefit plan administered by MCERA. It is calculated by reducing the TPL by the FNP.

**ACTUARIAL ASSUMPTIONS**

The total pension liability as of June 30, 2021 was determined by an actuarial valuation as of June 30, 2020, using the following actuarial assumptions applied to all prior periods included in the measurement. The key assumptions in the valuation were:

- Inflation: 2.50%
- Salary increases: 3.00% plus merit component
- COLA increases:
  - 2.5% for those with a 4% COLA cap,
  - 2.4% for those with a 3% COLA cap, and
  - 1.9% for those with a 2% COLA cap
- Investment rate of return: 6.75% net of investment expense assumed
- Post-Retirement Mortality: Adopted CalPERS mortality tables projected generationally using Scale MP-2020.

During the measurement year, the Net Pension Liability decreased from approximately \$28 million as of June 30, 2020, to approximately \$11 million Net Pension Asset as of June 30, 2021. This amount is used for the purpose of reporting the District's share of Net Pension Asset in the current reporting year, because the only MCERA GASB 67/68 report available at the time of the audit was that prepared as of June 30, 2021.

**NOVATO FIRE PROTECTION DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
For the Year Ended June 30, 2022**

**NOTE 8 – PENSION PLAN (Continued)**

**ASSET ALLOCATION POLICY AND EXPECTED LONG-TERM RATE OF RETURN**

The MCERA Board of Retirement has adopted an Investment Policy Statement (IPS), which provides the framework for the management of MCERA’s investments. The IPS establishes MCERA’s investment objectives and defines the principal duties of the Retirement Board, the custodian bank, and the investment managers. The asset allocation plan is an integral part of the IPS and is designed to provide an optimum and diversified mix of asset classes with return expectations to satisfy expected liabilities while minimizing risk exposure. MCERA currently employs external investment managers to manage its assets subject to the provisions of the policy. Plan assets are managed on a total return basis with a long term objective of achieving and maintaining a fully funded status for the benefits provided through the Plan. The following was the Retirement Board’s adopted asset allocation policy as of June 30, 2021:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Domestic Equity	32%	4.90%
International Equity	22%	5.00%
Fixed Income	23%	0.50%
Public Real Assets	7%	3.20%
Real Estate	8%	4.00%
Private Equity	8%	6.25%
Total	<u>100%</u>	

**DETERMINATION OF DISCOUNT RATE**

The discount rate used to measure the Total Pension Liability was 6.75%. Related to the discount rate is the funding assumption that employees will continue to contribute to the plan at the required rates and employers will continue the historical and legally required practice of contributing to the plan based on an actuarially determined contribution, reflecting a payment equal to annual normal cost, a portion of the expected administrative expenses, an amortization payment for the extraordinary losses from 2009 amortized over a closed period (18 years remaining as of the June 30, 2020 actuarial valuation) and an amount necessary to amortize the remaining Unfunded Actuarial Liability as a level percentage of payroll over a closed period (10 years remaining as of the June 30, 2020 actuarial valuation).

A change in the discount rate would affect the measurement of the TPL. A lower discount rate results in a higher TPL and higher discount rates results in a lower TPL. Because the discount rate does not affect the measurement of assets, the percentage change in the NPL can be very significant for a relatively small change in the discount rate. A one percent decrease in the discount rate increases the TPL by approximately 13%, while a one percent increase in the discount rate decreases the TPL by approximately 11%.

**NOVATO FIRE PROTECTION DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
For the Year Ended June 30, 2022**

**NOTE 8 – PENSION PLAN (Continued)**

The table below shows the sensitivity of the Net Pension Asset to a one percent decrease and a one percent increase in the discount rate:

Description	1% Decrease	Discount Rate	1% Increase
	5.75%	6.75%	7.75%
Total Pension Liability	\$255,970,438	\$226,515,557	\$202,259,283
Fiduciary Net Position	237,893,547	237,893,546	237,893,547
Net Pension Liability (Asset)	<u>\$18,076,891</u>	<u>(\$11,377,989)</u>	<u>(\$35,634,264)</u>
Fiduciary Net Position as a Percentage of the Total Pension Liability (Asset)	92.9%	105.0%	117.6%

**PENSION EXPENSE, DEFERRED OUTFLOWS AND INFLOWS OF PENSION RESOURCES**

The impact of experience gains or losses and assumption changes on the Total Pension Liability (TPL) are recognized in the proportionate share of the pension expense over the average expected remaining service life of all active and inactive members of the plan. As of the measurement date, this recognition period was 4 years.

The following tables show the current balance and sources of deferred outflows and inflows related to the District's defined benefit retirement plan, and the scheduled recognition of these deferred amounts:

Description	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$1,290,430	
Changes in assumptions	1,769,452	
Changes in proportion	4,021,247	
Changes in proportion and difference between District contributions and proportionate share of contributions	15,212	(\$915,042)
Actual FY 21-22 contributions (post measurement date)	4,921,049	
Net difference between projected and actual earnings on pension plan investments		<u>(32,715,001)</u>
<b>Net Deferred Inflows and Outflows</b>	<u>\$12,017,390</u>	<u>(\$33,630,043)</u>

\$4,921,049 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

Year ended June 30	Annual Amortization
2023	\$5,175,521
2024	5,534,326
2025	6,650,585
2026	9,173,270
Total	<u>\$26,533,702</u>

**NOVATO FIRE PROTECTION DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
For the Year Ended June 30, 2022**

**NOTE 8 – PENSION PLAN (Continued)**

For the year ended June 30, 2022, the District recognized a pension expense of \$1,477,400. The table below presents the sources of the pension expense.

<b>Operating Expenses</b>	
Service cost	\$4,790,718
Employee contributions	(2,243,284)
Contribution difference	15,212
Administrative expenses	307,136
	2,869,782
Sub-total	2,869,782
<b>Financing Expenses</b>	
Interest cost	14,508,577

	(3,624,361)
Sub-total	(3,624,361)
<b>Pension Expense</b>	<b>\$1,477,400</b>
<b>Pension Expense as % of Payroll</b>	<b>15.38%</b>

**NOTE 9 – POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS**

**PLAN DESCRIPTION**

In accordance with its agreement with the Novato Professional Firefighters Association, the District provides post-retirement health care benefits to its retirees through the Novato Fire Protection District Retiree Health Plan (Plan). The Plan is an agent multiple-employer plan for which audited financial statements are not available.

**ELIGIBILITY AND BENEFITS**

The following were eligibility and benefits as of the June 30, 2021 actuarial valuation:

**NOVATO FIRE PROTECTION DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
For the Year Ended June 30, 2022**

**NOTE 9 – POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (Continued)**

***Management and Administrative Support Staff***

Management and Administrative Support Staff retiring that terminate service and commence a retirement or disability are eligible, provided these employees have attained age 55 with ten years of service, and are enrolled in the healthcare plan upon retirement or disability. Members must be employed prior to July 1, 2009 to be eligible for tier 1. There is no minimum age requirement to be eligible to receive disability benefits, but the employee must have worked at least five years for the District. All members hired after January 1, 2005 are eligible for tier 2. Surviving spouses/domestic partners of eligible retirees are eligible for the mandated subsidy only. Surviving spouses/domestic partners of deceased active employees are eligible for the mandated subsidy only if the employee had attained age 55 with ten years of service.

For members under tier 1, the District will pay 100% of the premium for single coverage or 83.29% of the premium for two-person or family coverage. For members under tier 2, the District will pay the PEMHCA minimum after the retiree buys medical insurance through the District.

***Chief Officers Association***

Chief Officers Association members become eligible for retirement benefits by attaining age 50 with ten years of service, with no age requirement by attaining twenty years of service, or by continuing to work for the District until or beyond age 70. There are no age or service requirements for Safety group employees to be eligible to receive disability benefits.

Eligibility for tier 1 retiree health benefits requires an employee to have retired prior to January 1, 2011. Eligibility for tier 2 benefits requires an employee to have been hired prior to July 1, 2009 and retire after December 31, 2010. Eligibility for tier 3 retiree health benefits requires an employee to have been hired after June 30, 2009. For tier 3, the District will pay the PEMHCA minimum after the retiree buys medical insurance through the District. All tiers require the employee to be enrolled in the healthcare plan upon retirement or disability.

Tier 1 benefits for Chief Officers Association members are listed below:

Position District Pays for:	Medical	Dental	Vision
Fire Chief or Deputy Fire Chief (retired 1992 or later)	100% for retired member and dependents until the death of both parties	100% for retired member and spouse	100% for retired member and spouse
Fire Chief or Deputy Fire Chief (retired 1991 or earlier)	100% for retired member and dependents until the death of both parties	100% for retired member and spouse	0% of premium
Division Chief or Battalion Chief (retired 1992 or later)	100 % of Kaiser-Family rate or 83.29% of higher premium	100% for retired member and spouse	100% for retired member and spouse
Division Chief or Battalion Chief (retired 1992 or earlier)	100% of Kaiser Family rate or 83.29% of higher premium	100% for retired member and spouse	0% of premium

**NOVATO FIRE PROTECTION DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
For the Year Ended June 30, 2022**

**NOTE 9 – POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (Continued)**

Beginning January 1, 2012, for those under tier 2, the Supplemental Retiree Benefit Allowance paid by the District will decrease by 2.00% until reaching a percentage of 82% for members retiring in 2020. The Supplemental Retiree Benefit Allowance paid by the District is fixed at the rate in effect the year in which the member retires. For example, in the year 2016 the Supplemental Retiree Benefit Allowance paid by the District for retired members will be 90%. Retired members are responsible for paying the difference between the cost of their selected medical insurance premium and the established Supplemental Benefit Allowance Cap. The following table provides the Supplemental Retiree Benefit Allowance percentage paid by the District for retired members medical insurance premiums beginning in 2010 through 2020, when the percentage of 82% is reached.

Year Beginning	% Paid by District
January 1, 2010	100%
January 1, 2011	100%
January 1, 2012	98%
January 1, 2013	96%
January 1, 2014	94%
January 1, 2015	92%
January 1, 2016	90%
January 1, 2017	88%
January 1, 2018	86%
January 1, 2019	84%
January 1, 2020	82%

Members under tier 3 may purchase medical insurance through the District in retirement and the District will pay the minimum contribution required under the PEMHCA law.

***Firefighters***

Firefighters retiring that terminate service and commence a retirement or disability are eligible. Member must retire prior to December 31, 2010 to be eligible for tier 1 benefits. Member must be employed prior to July 1, 2009 and retire after December 31, 2010 to be eligible for tier 2. Employees hired after June 30, 2009 are eligible for tier 3. Eligibility for all tiers requires the employee to be enrolled in the healthcare plan upon retirement or disability.

Surviving spouses/domestic partners of eligible retirees are eligible for the mandated subsidy only. Surviving spouses/domestic partners of deceased active employees are eligible for the mandated subsidy only if the employee had attained age 50 with ten years of service.

Under tier 1, eligible members retired prior to December 31, 2010, the District will pay 100% of single coverage or 83.29% of two person or family coverage.

**NOVATO FIRE PROTECTION DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
For the Year Ended June 30, 2022**

**NOTE 9 – POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (Continued)**

Under tier 2, beginning January 1, 2011 the District will provide a Supplemental Retiree Benefit Allowance based upon a vesting formula. Each member shall fall into a category below based on current years of service as of July 1, 2010.

Current Years of Service as of July 1, 2010	Vesting Based
0-5	55%
5-10	60%
10-15	65%
15-20	70%
20-25	75%
25-30	80%

Each member shall accrue additional coverage at 0.75% for each year of service. This accrual will be in addition to the vesting base percentage described above. The sum of these two calculations shall be the total percentage of healthcare premium that is paid for by the District covering family, member and spouse or single of the Kaiser HMO Premium to a maximum of 80% on January 1, 2011, 75% on April 1, 2023 and 70% on April 1, 2028.

Members under tier 3 may purchase medical insurance through the District in retirement and the District will pay the minimum contribution required under the PEMHCA law.

For the year ended June 30, 2022, the District’s contributions to the Plan were \$1,232,285

***Employees Covered by Benefit Terms*** – Membership in the plan consisted of the following at June 30, 2021, the measurement date:

Active plan members	77
Inactive employees or beneficiaries currently receiving benefit payments	98
Inactive employees entitled to but not yet receiving benefit payments	-
Total	175

***Net OPEB Liability***

***Actuarial Methods and Assumptions*** – The District’s net OPEB liability was measured as of June 30, 2021, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation dated June 30, 2021. In the June 30, 2021 actuarial valuation, the entry-age actuarial cost method was used. The actuarial assumptions include a 7.0% discount rate assuming the District continues to fully fund for its retiree health benefits through the CERBT under investment Strategy 1 and a general inflation rate of 3.0%. Health care cost trend rate increase was assumed to be 6.50%. The unfunded actuarial liability is being amortized as a level-percent of payroll on a closed basis. The remaining amortization period at June 30, 2022 was nine years.

**NOVATO FIRE PROTECTION DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS**  
**For the Year Ended June 30, 2022**

**NOTE 9 – POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (Continued)**

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-term expected real rate of return
CERBT		
Global Equity	59%	5.50%
Global Debt Securities	25%	2.35%
Inflation Assets	5%	1.50%
Commodities	3%	1.75%
REITs	8%	3.65%
Total	<u>100%</u>	

**Discount Rate** – The discount rate used to measure the total OPEB liability was 7%. The projection of cash flows used to determine the discount rate assumed that District contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the OPEB plan’s fiduciary net position was projected to be available to make all projected OPEB payments for current active and inactive employees and beneficiaries. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

**Changes in Net OPEB Liability**

The changes in the Net OPEB Liability follows:

	Total OPEB Liability	Increase (Decrease) Plan Fiduciary Net Position	Net OPEB Liability/(Asset)
	(a)	(b)	(c) = (a) - (b)
Balance at June 30, 2021 (6/30/20 measurement date)	\$18,607,379	\$12,517,654	\$6,089,725
Changes Recognized for the Measurement Period:			
Service Cost	278,126	-	278,126
Interest on the total OPEB liability	1,283,835	-	1,283,835
Changes in benefit terms	-	-	-
Difference between expected and actual experience	818,944	-	818,944
Changes of assumptions	523,216	-	523,216
Contributions from the employer	-	2,303,743	(2,303,743)
Net investment income	-	3,517,690	(3,517,690)
Administrative expenses	-	(4,842)	4,842
Other expense	-	-	-
Benefit payments and refunds	(1,108,773)	(1,108,773)	-
Net Changes	<u>1,795,348</u>	<u>4,707,818</u>	<u>(2,912,470)</u>
Balance at June 30, 2022 (6/30/21 measurement date)	<u>\$20,402,727</u>	<u>\$17,225,472</u>	<u>\$3,177,255</u>

**NOVATO FIRE PROTECTION DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
For the Year Ended June 30, 2022**

**NOTE 9 – POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (Continued)**

Detailed information about the OPEB plan’s fiduciary net position is available in the separately issued plan financial report that may be obtained from the client. The benefit payments and refunds include implied subsidy benefit payments in the amount of \$1,108,733.

***Sensitivity of the Net OPEB Liability***

The following presents the net OPEB liability of the District, as well as what the District’s net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (-1 percent) or 1-percentage-point higher (+1 percent) than the current discount rate:

Plan's Net OPEB Liability/(Asset)		
Discount Rate -1%	Current Discount	Discount Rate +1%
(6.00%)	Rate (7.00%)	(8.00%)
\$5,368,784	\$3,177,255	\$1,326,225

The following presents the net OPEB liability of the District, as well as what the District’s net OPEB liability would be if it were calculated using a healthcare cost trend rate that is 1-percentage-point lower (-1 percent) or 1-percentage-point higher (+1 percent) than the current healthcare cost trend rate:

Plan's Net OPEB Liability/(Asset)		
Discount Rate -1%	Current Health Care Cost	Discount Rate +1%
(5.50% decreasing to	Trend Rates	Discount Rate +1%
3.50%)	(6.50% decreasing to	(7.50% decreasing to
4.50%)	5.50%)	5.50%)
\$1,225,299	\$3,177,255	\$5,485,248

***OPEB Expenses and Deferred Outflows/Inflows of Resources Related to OPEB***

For the year ended June 30, 2022, the District recognized OPEB Expense of \$1,658,431. As of fiscal year ended June 30, 2022, the District reported deferred outflows and inflows of resources related to OPEB from the GASB 75 actuarial report:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between actual and expected experience	\$682,453	(\$410,763)
Changes of assumptions	509,139	
Net difference between projected and actual earnings on OPEB plan investments		(1,978,960)
Employer contributions made subsequent to the measurement date	1,232,285	
Total	\$2,423,877	(\$2,389,723)

The difference between projected OPEB plan investment earnings and actual earnings is amortized over a five-year period. The remaining gains and losses are amortized over the expected average remaining service life. The expected average remaining service life for the June 30, 2021 measurement period is two years.

**NOVATO FIRE PROTECTION DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
For the Year Ended June 30, 2022**

**NOTE 9 – POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (Continued)**

\$1,232,285 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the OPEB liability in the year ended June 30, 2023. Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized as future OPEB expense as follows:

Measurement Period Ended June 30	Annual Amortization
2023	(\$507,989)
2024	(287,716)
2025	(299,631)
2026	(326,485)
2027	223,690
Total	(\$1,198,131)

**NOTE 10 – RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts, loss or damage to assets, injuries to employees, and errors and omissions, for which the District carries commercial insurance or is self-insured up to a certain limit. During the years, the District maintained the following types of insurance: property (\$25,648,228 limit, \$1,000 deductible per occurrence), general liability (\$10,000,000 aggregate limit), auto (\$1,000,000 limit), workers' compensation (\$750,000 limit), management liability (\$10,000,000 aggregate limit, \$5,000 deductible), pollution (\$1,000,000 aggregate limit), cyber risk (\$1,000,000 aggregate limit), crime (\$2,000,000 limit per loss, \$1,000,000 per loss for forgery or money orders and counterfeit money, \$1,000 deductible), commercial excess liability insurance (\$20,000,000 aggregate limit), storage tank liability \$2,000,000 aggregate limit, \$5,000.

Fire Districts Association of California – Fire Association Self Insurance System

Effective July 2014, the District joined the Fire Districts Association of California – Fire Association Self- Insurance System (the System) for Workers' Compensation coverage. The System is a public agency risk pool created pursuant to a joint powers agreement between the numerous member fire agencies. The System manages one pool for all member agencies. Each member pays an annual premium to the system based on the number of personnel, an estimated dollar amount of payroll and an experience factor. At fiscal year-end, when actual payroll expenditures are available, an adjustment to the year's annual premium is made. The System reinsures through the Local Agency Excess Workers' Compensation Authority (LAWCX), a joint powers authority, for claims in excess of \$500,000 for each insured event.

**NOVATO FIRE PROTECTION DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
For the Year Ended June 30, 2022**

**NOTE 10 – RISK MANAGEMENT (Continued)**

The most recent condensed financial information (unaudited) for the System is as of June 30, 2021.

Total assets	\$70,586,486
Total liabilities	<u>50,587,818</u>
Fund equity	<u>\$19,998,668</u>
Total operating revenues	\$16,018,531
Total operating expenses	<u>15,716,576</u>
Operating income (loss)	301,955
Non-operating Income (loss)	<u>(266,853)</u>
Net income (loss)	<u>\$35,102</u>

**NOTE 10 – RISK MANAGEMENT (Continued)**

There were no settlements in excess of the insurance coverage in any of the three prior fiscal years.

The following schedule presents the changes in the liability for workers' compensation claims:

Balance as of June 30, 2021	\$1,466,000
Change in provision for prior year claims	395,385
Claims paid during the year	<u>(558,385)</u>
Balance as of June 30, 2022	1,303,000
Less amount due within 1 year	<u>(147,095)</u>
Amount due after 1 year	<u>\$1,155,905</u>

At June 30, 2022, the District did not record a liability for outstanding claims other than workers' compensation, as it believes the claims were minimal.

**NOVATO FIRE PROTECTION DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
For the Year Ended June 30, 2022**

**NOTE 11 – JOINT VENTURE**

The District entered into a Joint Powers Agreement in February 1998, establishing the Marin Emergency Radio Authority (the Authority). The Authority is responsible to acquire, construct, and improve a countywide emergency radio system. During the year ended June 30, 1999, the Authority issued Revenue Bonds to be used for the acquisition of the radio system. Of the \$27 million in Revenue Bonds, the District will be responsible for 4.894%, or approximately \$1.3 million. Each year through August 2020, approximately \$104,000 annual payments will be due to the Authority from the District. Including interest and principal, it is anticipated the District’s total obligation over 20 years will be approximately two million dollars.

The financial statements of the Authority are available at the County of Marin office. The most recent condensed financial information for the Authority is presented below for the year ended June 30, 2021:

Total Assets and Deferred Outflows of Resources	\$56,184,863
Total Liabilities	<u>31,372,301</u>
Net Position	<u>\$24,812,562</u>
Total Revenues	\$8,746,208
Total Expenses	<u>3,711,307</u>
Net Increase (Decrease) in Net Position	<u>\$5,034,901</u>

**NOTE 12 – COMMITMENTS AND CONTINGENCIES**

The District participates in several Federal grant programs. These programs are subject to audits performed by the District’s independent accountants in accordance with the provisions of the Federal Single Audit Act as amended and applicable State requirements. In addition, these programs are subject to further examination by the grantors and the amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time. The District expects such amounts, if any, to be immaterial.

**Notes to Schedule**

Valuation Date / Timing 6/30/2021 (for Contributions made in fiscal year FY 2021-2022)

**Key Methods and Assumptions Used to Determine Contribution Rates (for fiscal year 2021-22):**

Actuarial cost method	Entry Age Normal Cost Method
Amortization method	Level percentage of payroll with separate period for Extraordinary Actuarial Loss from 2009
Remaining Amortization period	Unfunded liability - 10 years / Extraordinary Actuarial Loss - 18 years
Asset valuation method	5-year smoothed market, 80% /120% corridor around market
Inflation	2.50%
Salary increases	3.00% plus merit component based on employee classification and years of service
Investment Rate of Return	6.75%
Retirement Age	Classic Tiers: Safety - 50-55, Miscellaneous - 55; PEPRAs Tiers: Safety - 57, Miscellaneous - 62
Healthy Mortality	CalPERS 2017 Post-Retirement Healthy Mortality rates, adjusted by 90% for Males (Miscellaneous and Safety), with a generational improvements from a base year of 2014 using scale MP-2017.
Disabled Mortality	CalPERS 2017 Disability Mortality rates (Non-Industrial rates for Miscellaneous members and Industrial Disability rates for Safety members), adjusted by 90% for Males and Females (Miscellaneous and Safety) with generational improvements from a base year of 2014 using Scale MP-2017.

**NOVATO FIRE PROTECTION DISTRICT**

**NOTES TO THE REQUIRED SUPPLEMENTAL INFORMATION  
FOR THE YEAR ENDED JUNE 30, 2022**

**1. BUDGETARY BASIS OF PRESENTATION**

The budget included in these financial statements represents the original budget and amendments approved by the Board of Directors. The budgetary basis is the modified accrual basis of accounting with encumbrances included as actual. Accordingly, for the purpose of comparing budgeted expenditures to actual amounts, prior and current year encumbrances have been integrated with the amounts shown on the Statement of Revenues, Expenditures, and Changes in Fund Balances.

Various reclassifications have been made to the actual amounts to conform to classifications included in the budget approved by the Board of Directors.

The legal level of budgetary control attributed to the Board of Directors is considered at the objective or natural classification level, presented as subtotals in the schedule of budget to actual (e.g., total revenue, total salaries and benefits, total services and supplies, etc.).

# Statistical Section

# NOVATO FIRE PROTECTION DISTRICT

## STATISTICAL SECTION

### Statistical Section Information

This part of the District Annual Comprehensive Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the District's overall financial health. The detailed schedules presented in the Statistical Section are grouped into five sections pertaining to financial trends, revenue capacity, debt capacity, demographic and economic information and operating information. In contrast to the financial section, the statistical section information is not subject to independent audit.

**Financial Trends** – These schedules contain trend information to help the reader understand how the District's financial performance and well-being have changed over time:

1. Net Position by Component
2. Changes in Net Position
3. Fund Balances of Governmental Funds
4. Changes in Fund Balances of Governmental Funds
5. Expenditures by Function

**Revenue Capacity** – These schedules contain information to help the reader assess the District's most significant local revenue source, property tax:

1. General Revenues by Source
2. Assessed Value of Taxable Property
3. Secured Assessed Valuation
4. Assessed and Estimated Actual Value of Taxable Property
5. Property Tax Levies and Collections
6. Property Tax Rates, All Overlapping Governments
7. Principal Property Taxpayers

**Debt Capacity** – These schedules present information to help the reader assess the affordability of the District's current levels of outstanding debt and the District's ability to issue additional debt in the future:

1. Ratio of Outstanding Debt by Type
2. Computation of Direct and Overlapping Debt
3. Computation of Legal Bonded Debt Margin

# NOVATO FIRE PROTECTION DISTRICT

## STATISTICAL SECTION

**Demographic and Economic Information** – These schedules offer demographic and economic indicators to help the reader understand the environment within which the District’s financial activities take place:

1. Demographic Statistics
2. Demographic and Economic Statistics
3. Principal Employers

**Operating Information** – These schedules contain data to help the reader understand how the information in the financial reports relates to the services the District provides and the activities it performs:

1. Apparatus Inventory
2. Full and Part-time Employees by Function
3. Comparative Annual Graph, Total Responses
4. Emergency Response Category Definitions
5. Emergency Responses by Incident Type
6. Emergency Response Detail Analysis
7. Average Incident Response Time
8. District Response Times
9. Call Frequency Analysis by Station
10. Call Frequency Analysis by Hour
11. Call Frequency Analysis by Month
12. Call Frequency Analysis by Type
13. Fire Prevention Division Activities
14. Fire Prevention Activity/Public Education
15. Personnel Training Hours, Chart
16. Personnel Training Hours, Detail
17. Service-Connected Illness/Injury Report

Note: In 1993, the District entered into an agreement (commonly known as the Teeter Plan) with the County of Marin. Under the Teeter Plan, the District receives 100% of the secured property taxes billed each year without regard to delinquencies. In consideration, the District gives the County of Marin its rights to penalties and interest on delinquent property tax receivables and actual proceeds collected.

(1) The percentage of overlapping debt applicable to the District is estimated using taxable assessed property value. Applicable percentages were estimated by determining the portion of the overlapping District's assessed value that is within the boundaries of the Fire Protection District divided by the overlapping District's total taxable assessed value.

(2) Excludes tax and revenue anticipation notes, enterprise revenue, mortgage revenue and non-bonded capital lease obligations.

**Novato Fire Protection District  
Apparatus Inventory  
Fiscal Year 2021-2022**

The District utilizes a variety of apparatus to respond to a diverse range of emergency situations, as well as vehicles for use by administrative staff. Type 1 engines are housed at all five of the District stations; a Ladder Truck is housed at Station 64. Two Type 1 engines are kept in reserve and are stationed at Station 61 and Station 62. Type 1 engines respond to all types of emergency operations, including commercial and residential fires, medical calls, hazardous material calls, and wildland/urban interface fires.

The District inventory includes three Type 3 engines equipped for off road capability, all of which respond to wildland fires. For an independent water source, the District uses a Water Tender. The Truck Company cross-staffs a 105-foot aerial ladder truck and a Type 1 Engine/Rescue Pumper. Of the five ambulances, three are kept in service daily, with two in reserve. The reserve ambulances are housed at Stations 61 and 63.

The Fire Chief drives an SUV capable of responding “Code 3” when a life or property emergency exists. The three shift Battalion Chiefs and the Battalion Chiefs of Training and EMS Divisions have pickups that are equipped as command vehicles, outfitted to run emergency incident command operations. The Training Captain has a pick-up equipped as command vehicle, outfitted to run emergency incident command operations.

District Apparatus Inventory by Station:

Station 61: Type 1 engine, Ambulance, Water Tender, 1 Reserve Type 3 engine, B/C Command Vehicle, Reserve Type 1 Engine, Reserve Ambulance.

Station 62: Type 1 Engine, 1 Ambulance, 1 Reserve Type 1 Engine

Station 63: Type 1 engine, Type 3 engine, 1 Reserve Ambulance, Off Road Utility

Station 64: Type 1 engine/Rescue Pumper, Aerial Ladder Truck

Station 65: Type 1 engine, Type 3 engine, 1 Ambulance, Off Road Utility

## **Novato Fire Protection District Emergency Response Category Definitions**

**Fire, Explosion:** This category includes fire responses, even if the fire has been extinguished upon arrival. This category also includes combustion explosions with no resulting fire. Examples of this category include structure fires, rubbish fires, dumpster fires and vehicle fires.

**Over-Pressure/Rupture:** This category includes vessels or containers that suffer failure or near failure due to extreme pressure from either an outside source, such as direct heating, or internally due to a cooling system failure or over-filling, such as a propane tank. Examples of this category also include explosions from bombs, dynamite or similar explosives.

**Rescue/EMS Call:** This category includes all medical aids, illness and heart attacks, as well as traffic accidents and missing persons.

**Hazardous Condition Standby:** This category includes Hazardous Materials incidents; electrical wire arcing; suspected drug labs; or situations where there is a perceived problem that may prove to be a potential emergency.

**Service Call:** This category includes incidents for persons in distress, such as a lock-in or lock-out of a vehicle or dwelling creating an emergency situation or critical need, and smoke or odor problems. This category would also include moving units from one station to another to provide area coverage.

**Good Intent Call:** This category includes incidents that are cleared prior to arrival, such as a medical aid where the injured party has left the scene, or the initial information indicated that there were injuries and upon arrival no persons were injured. This category may also include calls where the informant has mistaken steam for smoke.

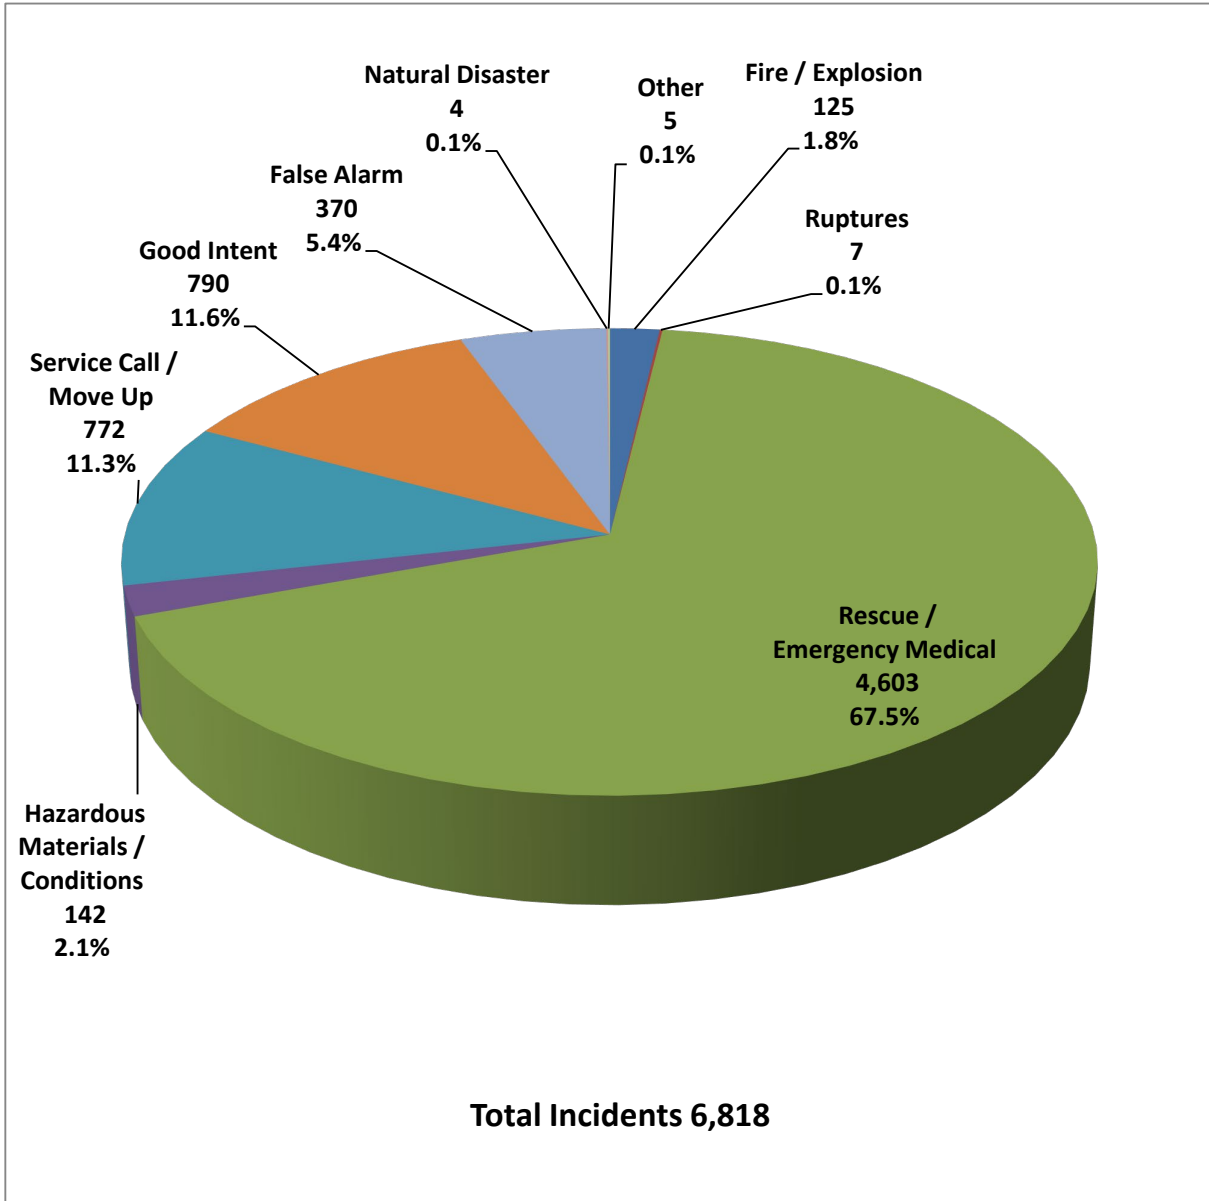

**False Alarm:** Some examples of the incidents in this category are malicious mischief calls, system malfunctions and the accidental tripping of an interior alarm sensor or device.

**Natural Disaster:** This category includes incidents that are not normal occurrences, such as earthquakes, lightning strikes, hurricanes and other weather or natural events.

**Other:** This includes citizen complaints and reports of fire code or ordinance violations.

**Novato Fire Protection District  
Call Frequency Analysis by Station  
Fiscal Year 2021-2022**

Station Location	Total Calls	% of Total
Station 61 - Redwood Blvd *	2,886	42.3%
Station 62 - Atherton Ave	604	8.9%
Station 63 - San Marin	1,125	16.5%
Station 64 - Ignacio	1,211	17.8%
Station 65 - Hamilton	992	14.5%
<b>Total</b>	<b><u>6,818</u></b>	<b><u>100.0%</u></b>

\* Station 61 is centrally located near Novato's downtown area and covers a large portion of the residentially populated zones. It is the largest station in terms of staffing and apparatus, including an ambulance and an engine company, and therefore has a proportionally higher call volume.
